## Section II: For Completion by the EMPLOYEE

**INSTRUCTIONS to the EMPLOYEE:** Please complete Section II before giving this form to your medical provider. The FMLA permits an employer to require that you submit a timely, complete, and sufficient medical certification to support a request for FMLA leave due to your own serious health condition. If requested by your employer, your response is required to obtain or retain the benefit of FMLA protections, 29 U.S.C. §§ 2613, 2614 (c)(3). Failure to provide a complete and sufficient medical certification may result in a denial of your FMLA request, 29 C.F.R. § 825.313. Your employer must give you at least 15 calendar days to return this form, 29 C.F.R. §825.305(b).

## Section III: For Completion by the HEALTH CARE PROVIDER

**INSTRUCTIONS to the HEALTH CARE PROVIDER:** Your patient has requested leave under the FMLA. Answer, fully and completely, all applicable parts. Several questions seek a response as to frequency or duration of a condition, treatment, etc. Your answer should be your best estimate based upon your medical knowledge, experience, and examination of the patient. Be as specific as you can; terms such as "lifetime," "unknown," or "indeterminate" may not be sufficient to determine FMLA coverage. Limit your responses to the condition for which the employee is seeking leave. **Please be sure to sign the form on the last page.**

**GINA NONDISCLOSURE NOTICE:** The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. 'Genetic information,' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.
